Description

1920s/30s John Elkan "Railway" pocket watch. The watch has a Swiss 15-jewel hand-winding movement, identified as by Revue, which is working nicely. The watch measures 57mm diameter excluding the winding stem and the loop so it is a little larger than the standard 50mm watches, and it is a good chunky piece. The case is nickel and it is in very nice condition. The bezel and case back are screw-on which is a nice sign of quality. The bevelled watch glass is in lovely condition. The white dial is signed John Elkan Ltd, London, "Railway". John Elkan was a retail jeweller who specialised in jewellery, gold and silver goods, toys and games. The dial is in lovely condition and has original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
