Description

A Regency period ebonised Chinoiserie work table, the japanned top hand-painted with a landscape scene, set over a single frieze drawer with conforming faux drawer to the reverse, all raised on flat trestle uprights with stepped base collars, united by a central shaped cross-stretcher. Chinoiserie enjoyed a fashionable revival during the Regency period, with English workshops creating high-style japanned furniture to satisfy the aristocracy's taste for romanticised Far Eastern imagery. Decorated on all four sides to allow for freestanding use when pulled directly up to a sitter, its compact profile allows it to float beside an armchair, sit between drawing room seating or serve as a neat side table in a hallway. Very good antique country house condition, displaying genuine age-appropriate wear including minor localized paint loss, historic timber shrinkage splits across the top panel and a gentle lean to one side characteristic of early trestle designs. Structurally sound and ready for placement in the home. English, circa 1830. Dimensions Height: 71 cm Width: 51 cm Depth: 44 cm
