Description

1938 silver Cyma pocket watch for J W Benson. The watch has an adjusted 16-jewel stem-winding movement which is working nicely. The movement is signed with the name of the original retailer, J W Benson. The movement is protected by an inner hinged cover which has a couple of pin prick dents. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs for London 1938, with a sponsor's mark for J W Benson. The case has a couple of small marks to the side, and some unevenness to the back. The acrylic lens is in good condition. The signed dial looks super to the naked eye... through a jeweller's loupe there is a short very faint hairline by number 3. Original hands. The watch comes in a new presentation box.
