Description

A captivating example of antique craftsmanship, this exquisite 15ct yellow gold pendant showcases two richly coloured, faceted amethyst gemstones. The central stone weighing approximately 3.50ct. Each amethyst is beautifully millegrain set. Delicate cream seed pearls add a romantic softness, perfectly complementing the deep purple hues of the amethyst. 15ct yellow gold, was discontinued in 1932, so we are able to date this pendant to pre 1932. It has been tested to confirm its purity. We have cleaned and polished this pendant with care. It is in excellent condition, ready to be worn and cherished once more. Metal: 15ct Yellow Gold (tested) Gemstone: Amethyst (faceted, round and pearl cut) Date: pre1932 Weight: 4.4 grams Measurements: 50mm x 25mm approx. Condition: Excellent (Antique)
