Antique Omega pocket watch and chain

Price

GBP 195

| USD \$266 | EUR 228

Item Reference: SA1230340

Date of manufacture: 1910

Description

Antique Omega pocket watch and chain. The watch has a stem-winding movement which is working nicely. The movement has been identified as by Omega, and it is confirmed by the Omega logo on the regulator. The movement is protected by an inner hinged cover which has a little marking. The watch measures 48mm diameter excluding the winding stem and the loop. The case is gun metal. As with the majority of gun metal cases, there is surface marking. The acrylic lens is in lovely condition. The dial is in super condition with original hands, a subsidiary seconds dial and outer minute track. The watch comes with a double albert chain, with each length of chain measuring 20cm including the T-bar and the clasp. The watch and chain come in a new presentation box.
