Description

This exquisite 18ct gold boat ring features a stunning array of opals and diamonds. The opals, known for their captivating play of colours, display vibrant hues of blue, green, and red, creating a mesmerising visual effect. These opals are claw set and interspersed with three accent diamonds, there are a total of six diamonds on the ring. The combined diamond weight is approximately 0.16 carats. Despite one of the opals having a chip on its edge, the ring has been carefully cleaned and polished to restore its brilliance, ensuring it remains a fabulous piece of jewellery. Hallmarked: Birmingham 1902 Weight: 4.2 grams Diamond weight: 0.16ct approx. UK Size: M US Size: 6 1/4
