Date of manufacture: 18th Century

Description

A particularly high quality and original George II period kneehole desk in solid mahogany with original oak lined drawers – all with clean and sound interiors - with fine dovetailed joints and with all original hardware including (other than two) original steel locks and a working original key. . From a private collection, this beautiful desk is in superior condition for age having always been very well cared for. . The drawers open and close smoothly and the colour and patination are excellent. . The secret drawer with shaped apron over the kneehole cupboard door. . Made by a skilled cabinet maker in c. 1750 during the reign of George II and of a charming and well proportioned small size. . An excellent example rarely seen in such fine and original condition and with original finish. . Strongly recommended . . Dimensions are: . 31 inches wide, 32 inches high, 18.5 inches deep. The height of the kneehole from floor to underside of secret drawer is 23 inches. Width of kneehole is 11.5 inches
