Description

This is a lovely quality, all original 18th century Ash and Elm comb back windsor. We found this in the boarders and absolutely love the design. The seat has a great shape and the whole chair is very tactile. As with most windsor chairs there are repairs. This has had both arms re screwed but its an antique restoration and has worked perfectly with not flex or obvious weakness. The repairs just add to the overall character. There is also light traces of original paint. Height 102cm Width 64cm Depth 54cm Depth of seat 40cm Height of seat 43cm
