Description

A charming late 19th-century Crystoleum showing two women in period dress talking beside a rustic fence, with a gentleman standing behind them holding a cane. The soft colouring and delicate highlights give the scene a gentle luminosity typical of the technique. Presented in an ornate gilt frame with scrolling foliate detail, it has a few light age-related marks to the frame and image, but nothing that detracts from its decorative appeal. A graceful piece full of Victorian sentiment, ideal for adding charm and character to an interior.
