Description

A very nice quality, original regency period bow fronted chest of drawers. With choice flamed mahogany veneering to the front of the drawers, solid mahogany sides and backs to the drawers and top quality brass pulls. The quality of the timber and detail in the craftsmanship in this chest could point towards a fair attribution to a top cabinet maker, such as Gillows. Raised on 'French splayed' original feet, retaining original back boards also. A very clean, tidy and practical chest that is ready to place.
