Description

This is a delightful early 19th century watercolour painting of an urns of flowers, beautifully painted in watercolours around 1830. The fine work on paper is very attractively framed in a good burr walnut frame with gilt inner mount. This is in lovely crisp clean condition, the frame has a good antique colour and patina and has its original hanging ring to the top. A really charming late Regency painting in super order. The frame measures 19 cms by 22 cms. UK insured packing and delivery is £10
