Description

An early 1920s English oak desk sitting in fine order and of sensible proportions with the benefit of a grained inserted top and 2 well sized drawers. This Welsh borders find, with its attractive slightly tapered legs and original plated handles to the drawers is sitting in good order with a little historic wear to the grained deep olive coloured top and in the usual places along with faded ink marks to the drawers! We have ensured the desk sits firm and it is ready for use. A rather handsome little English oak desk early 1920s, maybe a little earlier.
