Description

Perhaps the finest Victorian trunk I've had the pleasure of handling. Constructed in pitch pine with exceptional grain, fine Victorian dovetails to the corners, a moulded plinth base, and iron carry handles to either side. The trunk retains its working lock and key, while the interior has been fitted at a later date with a candle box and lower drawer, adding useful storage. Condition Report In excellent solid antique condition. There is evidence of historic woodworm to the front and sides. The pattern of the evidence suggests this may have been present in the timber before the chest was constructed, or that the piece has previously been heavily stripped. In either case, the worm is historic and no longer active. The photographs form part of the condition report, so please review them carefully. Further images or a video viewing can be provided on request. Viewings are welcome at our Southampton unit, strictly by appointment. If you have any questions regarding this piece, please don't hesitate to get in touch.
