Gents Seiko Lord Matic automatic wrist watch

Price

GBP 225

| USD \$307 | EUR 263

Item Reference: SA1231271

Date of manufacture: 1960

Description

Gents Seiko Lord Matic automatic wrist watch. The watch has a 23-jewel automatic movement which is working nicely. The watch measures 35mm wide excluding the winding crown, and 35mm high excluding the lugs. The case is stainless steel and it is in good condition, just light surface marking but nothing serious at all. The back of the watch has the model number 5606-8010 and the case reference which dates it back to 1970. The lens has one small mark but not too noticeable to the naked eye. The signed dial is in its original finish with cross hair detail, original hands, centre seconds and a day / date display (set at first position). The watch comes on a Seiko stainless steel bracelet which currently fits an 18cm wrist, with capacity on the clasp to make it approximately 1cm smaller. The bracelet is in beautiful condition. The watch comes in a new presentation box.
