Description

A wonderfully rustic 19th century brass candlestick, entirely handmade and full of primitive charm. Its slight irregularity only adds to the appeal – the character and craftsmanship of early utilitarian brass, with a lovely mellowed patina. Condition Report In excellent condition for its age. A slight lean and surface wear consistent with use and time – exactly as it should be. The photographs form part of the condition report, so please review them carefully. Further images or a video viewing can be provided on request. Viewings are welcome at our Southampton unit, strictly by appointment. If you have any questions regarding this piece, please don't hesitate to get in touch.
