Description

A charming miniature Victorian chest of drawers, possibly made as either an apprentice piece or a salesman's sample. Neatly proportioned with a two-over-three layout, original glass knobs and simple lines. A great talking point with real decorative appeal. A lovely piece for storing small items, or simply to admire on a shelf or side table. Condition Report In excellent condition overall. Minor surface wear in places, entirely in line with age. All drawers run smoothly and as they should. The photographs form part of the condition report, so please review them carefully. Further images or a video viewing can be provided on request. Viewings are welcome at our Southampton unit, strictly by appointment. If you have any questions regarding this piece, please don't hesitate to get in touch.
