Description

A bold early 20th-century mahogany stand or plinth, with a turned and fluted column raised on a square plinth base. The substantial proportions make it particularly suited to displaying a sculpture, vase or other decorative object. Condition Report In excellent structural condition with minor marks throughout. The finish varies slightly between the top and column, most noticeable only in bright light. This may indicate that the turned column was originally part of another piece. The photographs form part of the condition report, so please review them carefully. Further images or a video viewing can be provided on request. Viewings are welcome at our Southampton unit, strictly by appointment. If you have any questions regarding this piece, please don't hesitate to get in touch.
