Description

Antique 20th century Arts & Crafts plant stand in oak, an eye-catching example with a strong decorative presence and plenty of period character. Well made and of good quality, the design has a distinctive Arts & Crafts influence that sets it apart from more conventional plant stands. Of particular interest is the beautifully designed upper section, enhanced with decorative brass detailing that contrasts wonderfully against the warm tones of the oak. Four sturdy legs provide a solid stance while keeping the overall appearance simple and balanced. Gorgeous natural grain and colour can be seen throughout, adding warmth and individuality to the piece. The combination of oak, brass detailing and thoughtful design gives it a very desirable appearance, ideal for displaying a favourite plant, vase or ornament. A lovely example in good condition, offering both decorative appeal and everyday practicality, and sure to bring character and charm to any interior.
