Description

Antique 20th century oval side table in mahogany, a graceful piece with an appealing shape and a traditional design. Well made and of good quality, it has an elegant simplicity that allows the natural beauty of the mahogany to stand out. The lovely oval-shaped top sits above a beautifully turned central pillar, leading down to three sweeping cabriole legs. This classic arrangement gives the piece an attractive silhouette from every angle, making it equally suited to the centre of a room or positioned alongside a chair or sofa. Gorgeous grain and colour run throughout the mahogany, bringing warmth and character to the design. Its elegant form and useful proportions make it a very desirable example with plenty of versatility. In good condition, this charming side table would sit beautifully within both a traditional or more contemporary interior, bringing a touch of classic elegance to the room.
