Antique 1921 Waltham pocket watch

Price

GBP 145

| USD \$198 | EUR 169

Item Reference: SA1231714

Date of manufacture: 1920

Description

Antique 1921 Waltham pocket watch. The watch has a stem-winding movement, grade 610, which is working nicely. The movement is fully signed and the serial number 23,942,315 which dates it back to 1921. The movement is protected by an inner hinged cover. The watch measures 50.7mm diameter excluding the winding stem and the crown. The case is 10 ct gold filled and is the Moon model made by the Dennison Watch Case Company. The case overall is in good condition with general light surface marks and a couple of small "dings" to the inner and outer covers, nothing too serious at all. The glass lens is in nice condition (some natural light reflection showing in the front photos). The signed white enamel dial has a couple of very faint hairline cracks although only noticeable through a jeweller's loupe. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
