Description

Summary: Item: 16" Ansonia Wall Clock Circa: 1930 Provenance: Anglo-Indian Wood: Mahogany 16" external diameter Single brass Ansonia Spring movement Timepiece mechanism (not designed to chime) Mahogany case Ebonised colour Arabic / Numbered tin dial Pendulum access door Brass bezel Elegant shaped hands Ivory colour tin dial Winding key Detachable adjustable pendulum Restored & serviced Free delivery to mainland England, Wales & Southern Scotland 2 Year UK warranty included Free 14-day UK returns policy Product Description: This particular clock displays an ebonized mahogany case, complete with a moulded brass bezel and a pendulum access door underneath. Ansonia Movement & Timepiece Mechanism: This 16-inch mahogany wall clock houses a good quality, single-barrel, spring-driven American Ansonia timepiece movement. Originally, manufacturers shipped these movements out to India and cased them locally there, which reduced shipping costs at the time. Because a timepiece mechanism does not chime or strike, this clock ticks quietly rather than sounding the hour. The movement has been serviced, so it now runs reliably and keeps good time. Case & Bezel...
