Gents 1950s Heloisa wrist watch. The watch has a 17-jewel Felsa 4012 hand-winding movement which is working nicely. The movement is signed with the name of the watch assembler Heloisa. The case is gold plated and it is in lovely condition. The screw-on case back is stainless steel. It states that the watch is water protected but, as with any vintage watch, it should be kept away from water and moisture. The lens is in lovely condition. The signed dial is in lovely original condition with original hands, centre seconds sweep and date display (not quickset). A new leather strap has been fitted. The watch comes in a new presentation box
