Description

A beautiful solid mahogany tilt top table, later decorated with a lovely geometric floral design in shades of green with light touches of blue and ochre on a distressed white background. The outer circle of the table top features a gently curving leaf design. This pretty, versatile piece stands on a pedestal column with four elegant legs terminating in brass lions' paw feet on working castors and can be used for occasional dining (a snug fit for four people), as a central hall table or a good sized side table. The top tilts smoothly using the original brass mechanism under the table top. Dimensions in cm: height 72, diameter 94.5, width between legs 73, height when tilted upright 136.
