Description

A good example of a small sterling silver cream jug with a generous pouring spout and round foot. It has an attractive hand beaten planished finish giving it a distinct arts and crafts style. It is clearly hallmarked for Birmingham, 1916 and the maker A.E.Jones. It weighs approximately 107g. It is in good condition for its age. There are some faint surface marks and a small dent on the foot (see photo) but no other major damages and overall it displays well. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £6 Rest of the world £25
