Description

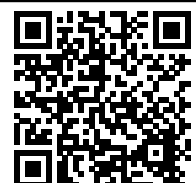

"A very fine Victorian mahogany bookcase above a chiffonier-style cupboard. The lower section has panelled cupboard doors with applied acanthus mouldings to the stiles, while the upper section features arched glazed doors above five small drawers. The two sections are well matched in both colour and proportion and appear to have been together for many years. A substantial piece, with useful enclosed storage below and glazed display space above. Condition Report Structurally sound and in good antique condition. The bookcase is a marriage of two sections, well matched in colour and proportion. There are a number of minor veneer losses, chips and blemishes throughout, consistent with country house use. One of the shelves in the lower cupboard is a plywood replacement. One escutcheon is missing from the upper section. Both sections have working locks with keys. The photographs form part of the condition report, so please review them carefully. Further images or a video viewing can be provided on request. Viewings are welcome at our Southampton unit, strictly by appointment. If you have any questions regarding this piece, please don't hesitate to get in touch."
