Description

This exceptionally fine Italian micro mosaic brooch dates to circa 1880 and is a particularly charming example of the period. The small circular brooch features eight intricately worked micro mosaic panels, arranged alternately in the form of love hearts and semi circles around a central roundel. The centre is beautifully decorated with delicate flowers and foliage, all framed by a striking turquoise border. The micro mosaic is set within a rich gilt base metal frame, retaining its original hinged pin fastening to the reverse. The brooch remains in very good condition, with the finely detailed mosaic work beautifully preserved. Italian, circa 1880 Dimensions: Height: 2.2 cm Width: 2.2 cm Depth: 0.9 cm Box not included.
