Description

A lovely pair of solid Sterling Silver pepper shakers with pierced tops and turned finials. They are stylish and good quality and are hallmarked for London, 1919 and the maker David L Fullerton. They weigh approximately 59g. They are in good condition for their age and display well. There are some faint surface marks and a few light dinks and dents but no major damages or anything detrimental and they are certainly usable. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £6 Rest of the world £25
