## Description

Large Vintage Cast Brass Eagle Sculpture Bird of Prey on Branch 62cm Wide Brief Description: This is a magnificent and unusually large vintage cast brass sculpture depicting a majestic eagle perched upon a naturalistic tree branch. An impressive statement piece, the eagle is portrayed with its enormous wings fully outstretched, its head lowered and powerful talons gripping the branch beneath. The sculpture has been wonderfully modelled throughout, with extensive incised and cast detailing used to depict the individual feathers across the wings, body, head and tail. Particular attention has also been given to the eagle's formidable hooked beak and talons, giving the bird a wonderfully powerful and animated appearance. The eagle is supported upon an integral cast brass tree branch, complete with textured bark and spreading supports that allow the sculpture to stand securely while forming an attractive naturalistic base. The brass has developed an appealing warm, aged patina, with darker tones sitting within the recessed feathering and occasional areas of natural verdigris consistent with age. This contrast particularly helps emphasise the extensive surface detail. A...
