## Description

This amazing farmhouse table seats six people and is made of the most wonderful timber being satin birch. It is a fantastic colour. I have never seen one made of this timber before. It is completely sturdy and has the added benefit that the top can be removed so the table can be stored away. It joins the base, with two pegs at each end that thread through struts attached to the top, and into the base to secure it. 171cm wide x 90cm deep x 77.5cm high 61cm legroom
