Description

George 1st or slightly earlier drop flap table. An extremely rare George 1st Period or slightly earlier solid Mahogany Oval Gate-legged table with a drawer at one end, the 8 baluster-turned legs terminating on Spanish Toes. The table is in superb condition for its age and retains glorious original finish. I have spent a good amount of time waxing all polished surfaces including underneath the top of this table. The table has a sprinkling of dead wood worm on the under structure very common on tables of this age. A wonderful table with real character a rare find. H 73cm D 92.5cm Width closed 36CM Table open W 105 cm D 92.5cm.
