Description

A stunning Art Deco burr walnut and leather stool. This was made in England, it dates from the 1930's. This is of superb quality, it is a lovely and very useful size. It would be perfect for an entry way, at the foot of a bed or in various other settings around the home. The base has gorgeous burr walnut grain patterns, it wraps all the way round so this looks identical front and back. We have had the walnut stripped and re-polished to a very high standard, the cream leather upholstery has been re-done fairly recently. This is in superb overall condition, with just some incredibly minor wear to the leather that is barely noticeable at all. Width – 97 cm , 38 inches Depth – 41 cm , 16 inches Height – 33 cm , 13 inches
