## Description

A really handsome six plank Oak Coffer with very interesting carving to the front panel of Dragons, this may indicate the coffer may be Welsh in origin. It has a small old repair to the front right hand side of the top but this does not detract from the piece. It is very heavy with the planks being really thick, in good overall original condition. dimensions are 1.4 mtrs wide and 60 cms high.

Internal Ref: 022915
