Description

A Superbly Carved French Buffet de Corp, this Carved Oak Game and Harvest Cupboard would make a superb bookcase. The upper section of the Cupboard or Trophy Cupboard has two carved doors enclosing a shelved cupboard; these are carved with birds and fish. There are more carvings on the lower section of the bookcase, the base has 2 drawers with Lions mask handles on the front and the interior of the cupboard is shelved. The Bookcase is very tall but it breaks down into three pieces for transportation, I have included pictures of it assembled with out the centre section, it works just as well this way and would not be too high for most modern rooms. The Bookcase has a solid back; it is in sound condition apart from age related wear. The Cupboard is 91" high, 56" wide and 22" deep, or if the middle section is omitted it is 74" high.
