The piece is impressive at 219cm (7' 2") tall and very solidly crafted. To the upper cabinet an attractive 4 panel door opens to reveal a very clean interior with double shelves. There is a working lock and key, and to the outside a shield shaped lock escutcheon. The doors are very solid and are a full inch and a half thick (40mm). The upper cabinet is completed with a splendid Gothic Arch detail to the crown moulding. At the lower cabinet a reversed mirror image field panel door opens to another pair of shelves. This door has matching lock plate. Overall a really super example offering excellent display and storage opportunity. There is terrific warmth to the piece and it displays great charm.
