The dial is polished brass with a matted centre with raised foliate decoration. An engraved minute ring surrounds the 12 individual enamel cartouche letters. Candelabra are conforming in style with particularly nicely arranged five branches, designed to sit on a mantle. They are complete with original acanthus snuffers. The back door of the clock is glazed to allow the movement to be seen. The French movement is by the famous maker Japy Freres and has the makers mark on the backplate along with the retailer Henri Luppens, Paris. It is of very high quality and has the benefit of the superior Brocot pin-pallet escapeme...
