Date of manufacture: 1800

Description

Being only 81" in height, this lovely longcase clock will fit comfortably into almost any home be it a mansion or a cottage. The 8 day, twin-train movement strikes on a bell with a nice crisp ring. It has a lovely, theraputic tick and has just been fully overhauled by our BHI registered staff. The arched, painted dial has a subsidiary seconds dial and date ring. The figured mahogany case retains it's original French-polished finish and has a deep, rich patina that only age can produce.
