

SA141122

Vienna Regulator Wallclock.

Price

Sold**Item Reference: SA141122****Date of manufacture: 1890**

Description

One of the finest double-weight Vienna wallclocks we have ever offered for sale, this magnificent clock was undoubtedly made originally in Austria as opposed to the majority which were copies of this style and made in Germany. The case is of a wonderful honey-coloured walnut with ebonised embellishment. It has fluted columns to the door, with corinthian capitals to the top and tulip capitals below. The quarter-panelled backboard has a burr walnut fielded panel to its centre. The whole case retains its original French polished finish and has a beautiful warm, rich patina. The high quality, latchplate, 8 day movement strikes on the half-hour and the hour. It has just been fully serviced by our BHI registered staff. The two-piece enamelled dial has black Roman numerals with very finely cut hands and a brass bezel. It is complete with its original winding key. Dimensions:

Height:	50" (127c.m.)	Width:	16" (40c.m.)	Depth:	7" (18c.m.)	Overall
