Date of manufacture: 1900

Description

Lovely continental landscape painting confidently painted of a busy townscape. Possibly Northern France/Belgium. Showing a lively composition of industrious activity executed in a fluid and painterly impressionist technique. This painting is superbly balanced with a cool and restrained palette. C.1900 Indistinctly signed. We do have another painting which we feel is the pair of this painting as signatures are in opposite corners although having different frames. As a pair these would look lovely together in any home. If required we could reframe one of the paintings so that they do match. Dimensions are: 43 inches x 31 inches framed 35 inches x 23 inches unframed. If you require any further information about this painting or any other of our items listed please do not hesitate to contact us. Regards Chris
