Sold**Item Reference: SA149200****Date of manufacture: 1890**

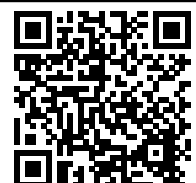

Description

A very good quality pedestal desk in oak, 9 drawers to the front, panelled to the sides and with a shallow kneehole to the rear. I think it was made to be a partners desk with the junior partner sitting at the shallow side, otherwise it is quite a large single sided desk. It has a modesty panel as can be seen on the images. The condition is excellent having been polished and a new skiver fitted. The desk comes in 3 sections for transportation. circa 1890 dimensions. width, 153cms. depth, 107cms. height, 77cms.
