Description

A stunning walnut and ebonised Vienna regulator by Austria's most famous clockmaker, GEBRUDER RESCH. The clock is stamped with the serial number on the backplate, pendulum and movement. It also carries the World famous motif "Remember" which is an acknowledgement by the Resch Bros. to their late father Lorenz. The beautiful slimline case is constructed from walnut with a quarter panelled veneered backboard and ebonised detailing and finials. It has a superb patina. The two-piece enamelled dial has black Roman numerals and finely cut hands. It is free from any chips, cracks or crazing. The latchplate movement is fitted with a deadbeat escapement. It has just been fully overhauled by our BHI registered staff. This is a clock of exemplary quality.
