

SA151591

Grand Antique Antler Horn & Sterling Silver Magnifying Glass - 1884

Price

Sold**Item Reference: SA151591****Date of manufacture: 1880**

Description

A large sized magnifying glass, measuring 10" in length with a glass diameter measuring 4", quite grand. The antler horn handle is finished with a solid or sterling silver terminal and ferrule both with a highly decorative repousse design, both hallmarked for Sheffield 1884, so Victorian in era. The silver also benefits from having the design registration diamond too (always a highly desirable feature). The nickel framed glass is of course new (by Hilkinson), making it very usable piece, without damage, clear and with a good magnification. A superb desk accessory in excellent condition. Item ID: 33886 FREE Worldwide Registered Airmail Directly From London, England
