Description

This is a wonderful opportunity to acquire a rare and genuine Victorian gilt and solid cast iron oil lamp made in 1885. It has the most beautiful neo classical scenes of cherubs and swags embelished on the urn shaped base, the attention to detail is quite breathtaking. The cast iron has been gilded using hand applied gold leaf not spray painted as is the case in the majority of gilt lamps and clocks. It is bright and crisp and would certainly be a wonderful centrepiece. The original large white round shade is in perfect condition as is the chimney and it is in full working order. It is fully marked Wright and Butler Duplex Burner Birmingham and what makes this a rare lamp is that it can be filled without removing the burner as seen in the photographs. There is a registration number of 47917 inside which dates this lamp very specifically to 1885. It measures 61cms high and the base is 6cms across. It has been professionally restored whilst retaining the patina which you would expect, it is also extremely heavy. A genuine Victorian oil lamp by Wright and Butler in the classical and elegant design which would look stunning in a period home and very much sought aft...
