Description

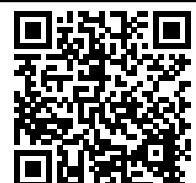

A Large Victorian pine blanket box. The box is made from good quality pine and of solid construction and it is very sound and clean inside. The chest has hand been cleaned and waxed retaining all the natural beauty of the old wood, the handles have a shabby stripped paint finish. In its original setting the chest would be in a Victorian house storing blankets and linen. The Chest has a double moulded edge around the top and it stands on a complete plinth which look as good from the back as it does from the front. Boxes such as this are becoming more and more sought after these days, as with the minimalist look we still have things that need a place and this would be a place for quite a lot and of course all this inside the coffee table? This Large Box measures 36" wide x 21" deep and stands 19" high.
