Description

A superb and rare perfume bottle for the collector. This is a stunning green glass perfume bottle with a hinged, folding centre (thus giving the nickname 'opera glass'). One end has a sprung silver lid for the perfume. The other has a cork sealed screw top for smelling salts. Condition :- Very good with no chips or cracks to the glass. The silver mounts are free from dents or splits, although there is a very small flattening to one edge of the screw lid. The spring top works well and the central hinge is good. Hallmarks :- Unmarked as is often the case with perfume bottle, but tests as silver. Length :- 13.25 cms.
