Description

Part of a private collection of clocks we have just acquired in its entirety. A superb walnut cased Vienna regulator by the World renowned maker GUSTAV BECKER. The 8 day movement strikes on the half-hour and the hour and has just been fully serviced by our BHI registered staff. It is clearly marked with the GB logo. The enamelled dial is free from any chips, cracks or crazing and has black Roman numerals and a subsidiary seconds dial. The brass weights and pendulum bob are in excellent condition. It has an ebonised pendulum rod and is complete with its original winding key. The beautifully figured walnut case retains its original French polished finish and has a marvellous rich, deep patina.
