AN ALABASTER CEILING LIGHT WITH ORNATE BRASS FITTINGS

Price

Sold**Item Reference: SA161671****Date of manufacture: 1900**

Description

An early 20thC ceiling light with a large alabaster shade fitted into a beautifully ornate brass framework. It measures 31" (78cm) in length and approximately 22" (56cm) across and has been wired to UK standards. There are three lights inside the shade and there are signs of an old hairline crack in the alabaster that doesn't detract from the light overall. This has been taken into account with the price. Delivery within the 25 area can be arranged.
