

SA161702

Pair Victorian Wall Gas Lamps

Price

Sold**Item Reference: SA161702****Date of manufacture:**

Description

A pair of good quality brass wall lamps that were probably old gas lamps converted to electricity. They were wired for the UK market about 8 years ago but have not been used since. They measure 9" (23cm) in length and the back plate is 4" (10cm) in diameter. The drop from the tip of the finials to the top of the shades measures 8" (21cm). The price given is for the wall lights only, but if you would like the pair of antique shades in the photograph, please add another £40 to the price.
