Sold**Item Reference: SA163289****Date of manufacture: 1880**

Description

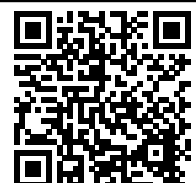

A wonderfully decorative pair of Victorian Binoculars having been painstakingly polished by our restorers to bring the brass back to life, which looks stunning paired with the matte black metal around the center. They focus wonderfully and there are also integral brass sun shades to reduce glare in bright light and sunshine, together with the shaped eye pieces to reduce glare. The brass bridge is signed H.H. & Son, Liverpool and struck "No.23759" which I take to mean the design registration number for the year 1885. Excellent condition measuring 5" wide x 4 3/4" tall extending to 6 1/8". The case measures 6" tall x 6" wide. The optics are in perfect working order.
