Description

It's been a year or so since I have had one of these wonderful baskets, with the unusual inset Wedgwood Jasperware plaque. This particular plaque is about as pretty as they come, superbly executed featuring winged cherubs or Putti figures. The handle on the basket stands upright if desired or folds flat, the dish standing on four ball and claw feet. The basket is pierced or reticulated around the sides and beautifully engraved. The side of the basket is marked by the top quality silversmith, James Dixon and Sons and EP for Electro-Plated. 11 1/4" x 8 3/4" x 9" tall to top of handle when upright.
