

SA170236

A TALL ANTIQUE BRASS HALL LANTERN

Price

Sold**Item Reference: SA170236****Date of manufacture:**

Description

A good quality, all original bevelled glass hall lantern, this has recently been rewired for the UK market. It has six candle lamps in the centre, and a length of original chain at the top to enable it to hang lower than the photo illustrates. It measures 31" (79cm) from the very top to the ball feet; the glass itself measures 22" (56cm) in length and the width is approximately 12" (31cm). We have recently had the lantern polished, as shown in the first and last photographs, the middle two images were taken before it had been polished, but we kept the photos on the website as they show the details very clearly. This item can be viewed in the Berkshire area. Delivery or collection preferred if possible.

Internal Ref: 1152
